

Search and Nominations Committee Report for the EUPJ Annual European Assembly to be held on 31st August 2023

At the Special European Assembly (SEA) held on 20th April 2023, the proposed list of the names of the nominees submitted by the Search and Nominations committee (SNC) was approved.

However, it was also reported at that meeting that at the next AEA of the EUPJ to be held on 31 August 2023 the EUPJ will have three major vacancies - being Chair, Vice Chair- Finance and President unless we find suitable candidates by then. Also, at that AEA the EUPJ will not have one UK representative on the Management Committee (MC) of the EUPJ despite the fact that the EUPJ is a UK registered charity and the UK has the largest Synagogal Movements in Europe.

At that Special Assembly, it was therefore resolved that the period during which the SNC will operate be extended so that it now ends on the date of the 2023 Annual European Assembly meeting. Immediately, following the meeting on 20th April, Miriam Kramer, on taking on the position of sole Chair kindly wrote a letter to all EUPJ members urging further nominations to the Management Committee. This letter resulted in a number of nominations being sent to me, as Chair of the SNC.

I have phoned, corresponded and met by Zoom and WhatsApp all of the excellent candidates whose names were forwarded to me and subsequently a meeting of the SNC was held on 15th June 2023, at which the final "slate" of names was agreed to be proposed to the MC and the EB and, subject to their approval, to be submitted to the Annual European Assembly of the EUPJ for its approval.

I am delighted that the SNC's proposed list of names of the nominees in the attached list (the EUPJ Slate) for the positions on both the MC and the EB indicated on that list was approved by the Executive Board at its meeting on 19th July 2023. A short profile of the nominees is also attached. I believe that those nominated reflect a strong, committed and excellent cross-section of our European countries and will complement the current members of the MC and be excellent successors for those whose terms come to an end at this AEA. I therefore urge the members of the Annual European Assembly to approve these nominations.

In particular, I would point out that the slate includes the names of the proposed nominees to fill the vital positions of Chair, VC-Finance and President as well as a Vice Chair whose main responsibility will be to liaise with the Reform and Liberal Movements in the UK during their discussions on forming a much welcomed "partnership".

I am also pleased to report that the SNC recommended the setting up of a Finance Advisory Committee (FAC) and that Jonathan Lewis (UK) has agreed to serve on it for which I am very grateful.

I wish to thank all those who have sent nominations to the SNC, all those who have agreed to be nominated, the members of the SNC and my colleagues on the Management Committee.

So, the SNC, as approved by the MC and the Executive Board, is requesting the EUPJ membership to approve the resolutions set out in Item 8 of the Notice of Meeting calling the EUPJ Annual European Assembly and to which this Report is attached. These resolutions approve the appointment of the persons in the EUPJ Slate for the positions on the EUPJ MC and/or Executive Board set out next to their names.

Gordon Smith
President
20th July 2023.
